

Across our country, there are number of
restaurants, families and individuals that
waste tons of excess food every day!

**We are proudly presenting..
A Real-Time Food Sharing App!**

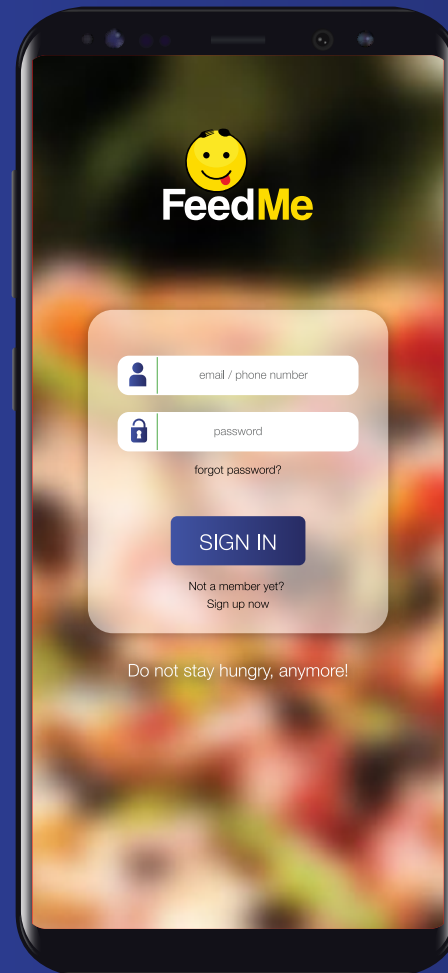

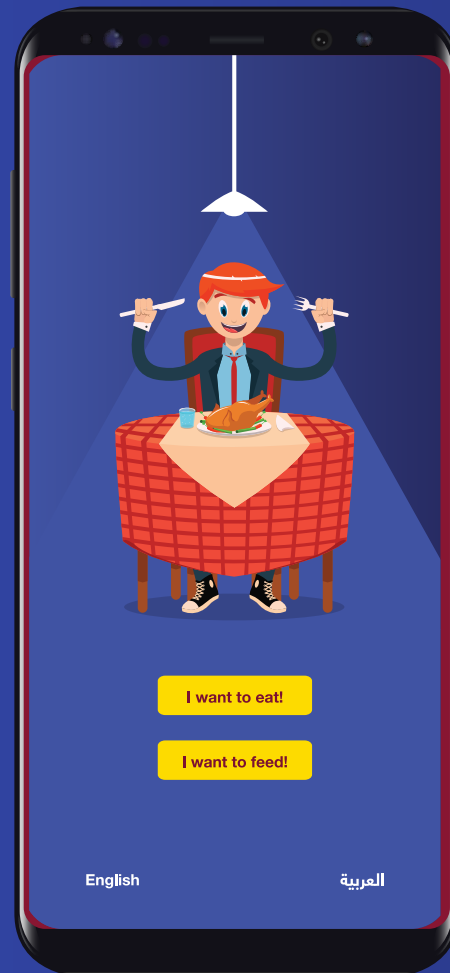

REAL-TIME FOOD SHARING APP

FeedMe is an application to establish a direct link between restaurants, families and individuals to share food for those who are in need.

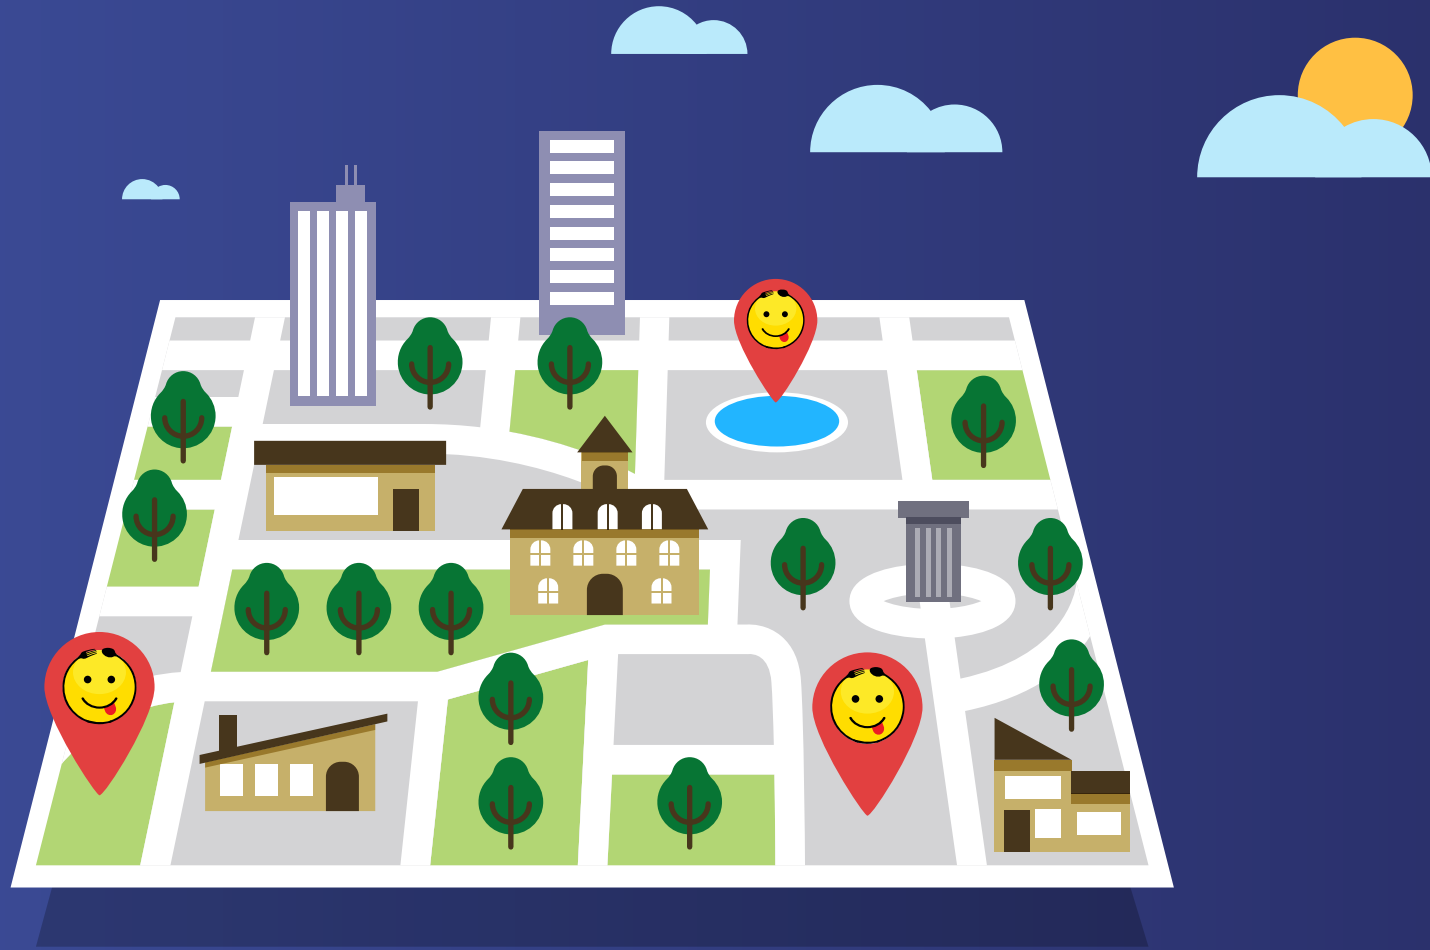

Our motto is food wastage reduction through real-time sharing.

We can also award a **grade system** for the contributing **restaurants** as a reward for their noble deed, which they can utilize as a feasible and efficient marketing strategy to be well reputable among the customers.

The App can be accessible to anyone after the **registration** with a valid **National ID** and **Phone Number**.

Thank you..

FeedMe
